Early markers for cerebral palsy	81
<i>C. Einspieler, P.B. Marschik and H.F.R. Prechtl</i>	
Clinical characteristics	89
<i>A. Papavasiliou and C.P. Panteliadis</i>	

Early diagnosis and differential diagnosis of cerebral palsy **105**
R. Korinthenberg and C.P. Panteliadis

Brain imaging: ultrasonography and magnetic resonance imaging **115**
A. Vossough and K. Darge

Nuclear (molecular) imaging in cerebral palsy. **133**
M. Hickeson, D.G. Kalkanis, E. Sfakianaki and G.N. Sfakianakis

Physiotherapeutic and occupational treatment of children
with cerebral palsy **141**
D. Karch, K.J. Heinemann and R. Blank

Orthopaedic management of cerebral palsy **165**
L. Döderlein

Surgical therapy of hip luxation for patients suffering from cerebral palsy . . **177**
G. Manolikakis and M. Poschmann

Scoliosis in cerebral palsy **189**
C. Carstens

Bone status in cerebral palsy **197**
S. Mergler

Oral medication use in cerebral palsy **203**
J. Rice

Integrated management with Botulinum Neurotoxin A **213**
C. Gallagher, M. Sheedy and H. Kerr Graham

Intrathecal baclofen therapy for the control of spasticity **237**
M. Vassilyadi

Dorsal root rhizotomy for the treatment of spasticity **245**
M. Vassilyadi

Hyperbaric oxygen therapy in cerebral palsy	251
<i>M.S. McDonagh</i>	
Comorbidities.	261
<i>H. Bode</i>	
Visual impairment in children with cerebral palsy.	265
<i>N. Kozeis and E. Pavlou</i>	
Gastrointestinal problems in children with cerebral palsy	269
<i>P.B. Sullivan</i>	
Long-term prognosis	279
<i>H. Bode</i>	
Quality of life and psychosocial situation of children with cerebral palsy.	289
